

MANY ARE INJURED WHEEL CAR DROPS INTO RIVER

(Continued From Page One.)

he has not been seen since the accident. Conductor Hughes was not hurt.

The injured carpenter, who was on the second span of the bridge when it happened, explained O. H. Scott, the carpenter, now at Providence. "A beam must have struck me, for I tumbled into the river bed. I think then I was unhurt and fell clear of the car. Then something fell on me. It was Jackson. I was on my face in the sand, and his knee, I guess, stuck into my back.

J. W. Jackson, the other carpenter, was uninjured. He remembers falling on Scott. The injured man has an ugly bruise near the spine. He is in great suffering, and may be the most seriously injured.

Women Frightened.
A party of Mexican women received awful fright, and one was injured. Mrs. H. McDow, her daughter, Miss Librada McDow, and her friend, Miss Maria Stockmeyer, made up the party. Only Miss Stockmeyer was injured. In falling against the iron seats, she received a badly bruised face, and an injured hip. She fainted, and was revived by her friends. She was removed to her home in Juarez. Mrs. McDow was badly shaken, but uninjured otherwise.

Mother and Babe.
Hugging her 4-month-old infant to her breast where the baby had nursed, Concepcion Fuentes, who lives at Ninth and Oregon streets, was a part of the pile of humanity. In attempting to save her child, the woman received an ugly fall, and was injured about the hip, and legs, and the infant about the hip. In ambulances, the injured were rushed to El Paso hospitals. All but four cases went to Providence. Those at Hotel Dieu are O. C. Green, passenger; Paulino Quinones, Maria Basurto and Elvira Williams.

Repairs Soon Made.
Almost as soon as the injured were removed to the hospitals, workers began repairing the bridge. Cars are being run over both Stanton and Santa Fe streets, but the bridge will not be open until the last of the week. Passengers transfer there.

Authorities of the Juarez district court, under whose jurisdiction such accidents fall, have ordered the bridge officially closed. No one will be allowed to pass. However the river bed is being used for pedestrians.

"I do not know what will be done about the bridge," said G. G. Morso, acting superintendent of the electric railway company when asked if a new bridge would be built. "At present we will raise the fallen bridge and make it safe for traffic just as soon as possible. The contractors can give me no definite date, but experts are looking over the task. We do not know the cause of the accident, but are reasonably sure that the repairing of the bridge had nothing at all to do with it."

Many Physicians Called.
Physicians attending the injured on the scene of the accident were Drs. H. O. Wright, J. D. Love, H. S. Ramey, A. H. Butler and Edward D. Sinks. With their assistance both chief of police Jenkins, of El Paso, and Commandant of police Ponce de Leon, of Juarez, were at the bridge shortly after the accident. Judge Miranda, of the Juarez federal court, is in charge of the investigation, the accident occurring on the tracks of the Juarez and El Paso Traction company, on the Juarez side of the river.

The Injured.
Others injured were: Alberto Ramirez, Midland, Tex., workman, scalp cut on the left side. Pedro Gonzales, Juarez, right ankle cut, knee bruised. He is a line-man for the railway company and lives in Juarez.

Bias de la Lanza, married with the El Paso del Norte Traction company, El Paso, bruises on face and chest; thrown against the seat in the fall. O. C. Greene, who resides at Second and El Paso, carpenter, working in Juarez, was standing on back of the car and sustained a slight hurt about chest.

Paulino Quinones, 52 Durango street, shaken; no hurts. Maria Basurto, Juarez, right shoulder wrenched. Elvira Williams, Juarez, fell on seat; badly shaken; no hurts. Juan Meraz, 2200 Bassett avenue, slight sprain of right ankle. A. F. Silva, Juarez, shaken, no evidence of injury, at hospital.

Cabera Lerma, Juarez, slight bruise on back and left shoulder. Lerna had a year-old boy with him, but the lad was not injured.

Thomas Rodriguez, who lives at 905 South Stanton street, and his wife, Brown Rodriguez, were on the car. The woman was injured about the chest and was taken home by her husband, for medical attention. Examination at Providence hospital disclosed that Concepcion Fuentes, the woman with the babe in arms, sustained a sprain of both knees and of the left elbow.

Workmen Weaken Bridge.
An engineer, who says the bridge after the accident, said it was due to carelessness of the carpenters making repairs. He said they removed the nuts from some bolts supporting the first span of the bridge and that the weight of the car simply pulled the bridge down.

Workmen were engaged in repairing the second span of the structure, but foreman R. L. Reeves declared after the accident that the men had not touched the first span and they had done but little work on the second.

Carlos H. Lanza, a special deputy of Juarez, was a passenger on the ill-fated car. He was unhurt by the fall, and assisted the injured from the wreckage. T. Ruiz and Isabel Juarez, both of Juarez, were uninjured passengers.

Cigar Saved Him.
Charlie Del Ara, proprietor of the Porfirio Diaz hotel in Juarez, owes his escape from injury in the accident, to a cigar. He boarded the car in Juarez bound for El Paso to buy meat and he was smoking a cigar when the conductor told him he was to get out on the platform. Mr. Del Ara was on the platform smoking when the car began to fall. He leaped and was uninjured. He is now repairing his trousers, which suffered from the strain of the leap, and expressing approval of the street car company's rule which prohibits smoking in the cars.

Pocketbooks Found.
After the accident Harry Cherry, the patrolman who helped to rescue the injured, found a pocketbook belonging to Miss McDow, one of the injured passengers. He is holding it to return to her. Detective George Harold found a boy leaving the place with a pocketbook said to have contained \$25. The boy was

AMERICAN MISTREATED BY MEXICAN OFFICIALS

McKay at San Diego Will Press Suit for Damages Against the Mexican Government for Arrest.

San Diego, Cal., July 29.—D. W. McKay, the millionaire mining man, formerly of Alaska, who was recently arrested at Tia Juana, just across the international boundary, and taken overland to Ensenada, came to San Diego yesterday and consulted with his attorney with a view of seeking redress from the Mexican government.

McKay declared that he had not yet decided what steps he will take. He said that the treatment accorded him at Ensenada, where he was promptly released on \$150 bail, was in sharp contrast to that received at the hands of the Mexican officials at Tia Juana. McKay is supposed to have been arrested for cutting a hole in a fence on property claimed by him across the line but which is in litigation.

OKLAHOMA FARMER IS KILLED IN MACHINE

Knives Cut Off One Leg and Mangle the Other, Causing His Death.

Durant, Okla., July 28.—Whit Moody, a farmer living in a section northwest of this city, fell into a separator yesterday and received injuries which resulted in his death. One leg was severed and the other terribly lacerated by the knives of the machine.

NOMINATE MAN OVER PROTEST

Minnesota Democrats Insist That He Run for Governor Whether or No.

Minneapolis, Minn., July 29.—Democratic storm signals which were flying when the state Democratic state convention met here yesterday were torn to shreds by the tempest of feeling which was let loose yesterday afternoon over the nomination of John Lind for governor and the attempt to introduce a direct resolution in the party platform favoring county option. For more than three hours up to the very minute when the motion to adjourn was carried, there was no let up to the scene of disorder except for a few moments when the chairman made himself heard, after terrific pounding with a piece of 2x4 scantling, which he used as a gavel. Mutterings of trouble were heard early in the day and an unusual condition existed. The delegates were unanimous in declaring that John Lind was one of the best Democrats in Minnesota. They were all his friends, but divided into two factions. One declared that Lind must be nominated despite his repeated refusals to be a candidate

and his flat declaration in a telegram from Portland, Oregon, that he would not accept the nomination if made; the other argued that Lind had been governor of Minnesota and had nothing to gain by the nomination and that he was of sufficient importance to have his wishes heeded by the convention. The latter faction argued and shook fist at the chairman and at the other side, while those who were bent on nominating Lind howled, hissed and completely blocked the proceedings until by sheer force of noise and enthusiasm they won their point and secured the nomination.

Even then the friends opposed to the nomination took advantage of a motion to make the nomination unanimous to argue.

They wanted an opportunity to submit the nomination to Mr. Lind by telegraph and await his answer—to take a recess until 8 p. m. if necessary, but this failed and finally the nomination was made unanimous and the convention adjourned at 6:32.

Other nominations were made by acclamation. On the matter of resolutions there was no contention except for plank on county option. The anti-county option initiative and referendum, which the committee declared would answer the purpose.

On the other resolutions in the platform there was no fight. On national issues the platform deplores "the weakness and timidity of president Taft, who

with his campaign promises still fresh but dominated by the predatory interests, weakly failed to use the tremendous forces of his high office to force a recreant congressional majority to do its duty of tariff reform" and continues: "We condemn the administration for its initial effort to prevent the conservation of natural resources and have nothing but contempt for its insincere efforts to appear to support conservation after public disapproval of its course was manifested."

"We condemn the retention of Richard A. Ballinger as secretary of the interior after the exposure of his methods of conducting the affairs of that office relating to conservation and declare it to be a national scandal."

"We deplore the discharge of Gifford Pinchot from the office of chief forester as a national crime."

"The Democrats of Minnesota commend the Republican insurgents of Minnesota for their vote on the Payne tariff bill."

"We strongly commend the course of Winfield Scott Hammond, the Democratic representative of Minnesota in congress, and urge the people of his district to reelect him."

"We demand the election of United States senators by direct vote of the people."

TWO WOMEN NOMINATED FOR OFFICE IN TEXAS.
One Will be Elected District Clerk and One County Superintendent—Woman Deputy Constable.

of San Antonio. San Antonio, Tex., July 29.—Although Texas does not grant woman

suffrage, yet the returns from the primary election show that two women were nominated for office by the Democrats. The nomination is equivalent to an election.

In Wilson county Miss Annie Wiseman defeated R. W. Corleson for district clerk by 21 votes. She made an active campaign of the county. Floresville is the county seat and there will be no opposition to her qualifying for the office.

In Bee county Miss Lida Dougherty was nominated for county superintendent of schools. She has been a teacher at Beeville for several years and is an able instructor.

Two years ago Uvalde county elected a woman district clerk and in San Antonio the chief deputy constable is a woman, Miss Mary Goforth. The latter is believed to be the only woman in the world occupying so important a peace office.

ROOSEVELT TO HOLD A FEW CONFERENCES AT ONCE
Oyster Bay, N. Y., July 29.—James R. Garfield and Wade H. Ellis, chairman of the Ohio Republican committee, will both see Mr. Roosevelt soon.

Ellis, it is thought, will ask Col. Roosevelt to stump Ohio for the state ticket. The colonel already has agreed to speak at Cincinnati on September 9, but it is unlikely that he will venture on state issues then.

Gifford Pinchot, now returning from the Pacific coast, will bring back word of how the west feels toward conservation. The colonel inquired yesterday

TAFT CONGRATULATES THE OHIO REPUBLICAN NOMINEE

Beverly, Mass., July 29.—President Taft's ten day vacation cruise along the Maine coast ended at 3 o'clock yesterday afternoon when the Mayflower dropped anchor in Beverly harbor. Immediately after coming ashore Mr. Taft read the details of the Ohio convention and sent a telegram to Warren G. Harding, the Republican nominee for governor of Ohio, which read: "I sincerely congratulate you on your nomination and earnestly hope that you may be elected."

PENNSYLVANIA'S NEW PARTY.

Philadelphia, Pa., July 29.—William H. Berry of Delaware county for governor; N. Clarence Gibbonney of Philadelphia for lieutenant governor; Cornelius D. Scully of Allegheny county for state treasurer, and John Casey of Luzerne county for secretary of internal affairs, is the ticket nominated by the Keystone party formed here yesterday to oppose the nominees of both Republican and Democratic parties. There were 117 delegates.
